

Call out for creative practitioners to deliver community activities (Wellingborough)

Made With Many is a programme of new arts activities focussing on working with local communities, artists, arts and voluntary organisations, businesses and the public in Corby and Wellingborough to ensure that the arts are at the heart of positive change. To find out more visit www.madewithmany.org

The Wellingborough programme is in its first phase, planning pilot projects with local community groups. Although we may not be able to offer any face-to-face workshops or public events in the short term due to Covid-19 guidance, we are working on a number of opportunities across the next 6 months to connect with local people and will be designing activities alongside community groups that can be safely delivered to participants, through digital methods and 'at home' resource packs.

Made With Many would like to hear from artists and creative practitioners who would like to be considered for running future workshops and creative activities with local people as part of the programme across the next 3 years. This is an opportunity to join a register of local artists that we will call upon, when opportunities are available. (Please note: Where there is a need to connect with people online we can offer the use of a Zoom platform to those who feel they may be able to deliver sessions online.)

Artist Requirements:

- Experience in working with a wide range of community groups

- Comply with risk assessment, monitoring and evaluation procedures for the project or activity
- Have appropriate training including safeguarding or be willing to undertake training if appropriate.

Timescale

Most projects would include short term activities. Each commission would be discussed on a case by case basis.
