(Information for Parents, Carers and Organisations)

At Lemonpop Workshops we offer therapeutic Self Development Arts programs based on the philosophy that creativity is central to wellbeing, developing skills, and increasing self-esteem and imagination.

Working in partnership with the Black Community Forum (part of Made With Many), supported by Arts Council England and Groundwork Northamptonshire, Lemonpop Workshops is offering young people from Wellingborough opportunities to explore their creativity through a 6 week programme of after school workshops including art, customisation, creative writing, and much more.

Through these workshops, young people will have the opportunity for:

- Creative exploration, self-discovery and self-development
- Problem solving & transferrable life skills building
- Academic & personal development
- Building emotional resilience (Wellbeing)
- Increasing self-esteem, confidence and imagination

To book a place for a young person:

To register your interest please download and complete a form at (web address) – this must be completed by the parent or carer of the young person.

Please note that places are limited and will be offered on a first come first served basis. However we will be keeping a waiting list for those interested, who will be considered first in the following term when spaces become available.
